

EDDIE DAVENPORT

HOLLYWOOD STUNTMAN • KEYNOTE SPEAKER

For more than 20 years as a Hollywood stuntman, Eddie Davenport has been hit by cars, crashed through glass, launched through the air, and stunt doubled for some of the biggest names in film and television — including Hugh Jackman, Zachary Levi, and the iconic characters Wolverine and Superman. After a career built on performing when the stakes are real and hesitation has consequences, Eddie now brings those experiences to the stage to help leaders and teams make decisions, commit to action, and perform under pressure.
